

Dear Sir:

I wish to express my opposition to the National Association of Broadcaster's petition 04-160 banning satellite radio services from broadcasting local traffic and weather information.

I have always been under the impression that the Constitution of the United States of America supports the right of free speech. I have also always understood that the the FCC exists to protect the public's rights of ownership of the airwaves.

In my mind there is no valid reason to deny the satellite radio broadcaster's the same rights as other broadcasters.

Now is the time for the FCC to serve the people of the United States and not the select few wealthy corporations that have gained control over the airwaves.
